RACIAL MATTERS - BLACK PANTHER PARTY

ReBulet 5/17/71.

By Departmental letter dated 7/12/71  
subject was deleted from the Security Index.

If additional investigation by your  
office indicates subject's activities warrant her  
reincclusion in the Security Index, submit such a  
recommendation.

CHM:fb (5)

NOTE:

Departmental letter 7/12/71 discontinued subject  
from Security Index. Bulet to New York 5/17/71 instructed  
that the severing of affiliation with the Black Panther Party  
or any other black extremist group does not automatically  
remove an individual from the category of being a threat  
to the internal security of the Nation. New York was  
instructed to continue investigation to determine whether  
subject adheres to the principles of a black extremist group.  
New York also instructed to contact sources and interview  
subject unless New York Office possessed information making  
such action undesirable. Subject served as officer of the  
day in the Bronx, New York, Chapter of the Black Panther  
Party in the past. Subject voluntarily separated from the  
Black Panther Party ~~and~~ and is no longer a member of that  
violence-prone black extremist organization.

The Department has advised that INS is being instructed to cancel warrant and deportation order previously issued regarding subject.

In view of above, Security Index card maintained by your office should be brought up to date by deleting phrase "Deportation order issued Aug."

Similar action being taken regarding cards maintained at Bureau. Advise when above has been accomplished.

Subject should remain on Security Index,

NOTE:

Subject is a Chinese alien on the Security Index. In view of his alien status, the Department had authorized issuance of necessary documents which would allow INS to arrest him and initiate deportation proceedings in the event of an emergency involving Communist China. The Department reviews these matters periodically and makes adjustments in the issuance or cancelling of the warrants and deportation orders in individual cases.

CUBAN EMERGENCY PLANS  
INTERNAL SECURITY - CUBA

*JAN*  
The name of ~~XXXXXXXXXXXX~~, FBI file number ~~XXXXXXXXXX~~, was approved for inclusion in the Security Index by Departmental letter dated November 30, 1962. By letter dated December 4, 1963, the Internal Security Division advised that the Immigration and Naturalization Service had been requested to prepare the necessary documents calling for the apprehension of Oton, a Cuban alien, when so instructed by the Attorney General.

There have been no reported activities of a subversive nature on Oton's part since 1963. In view of this, it is felt he no longer fits the criteria for retention in the Security Index. His name, therefore, is being removed from the Security Index.

\_\_\_\_\_ When last interviewed in 1966,  
~~TOP SECRET~~ stated he maintained attitude of complete neutrality  
with respect to U. S. and Cuba and would not do anything  
inimical to interests of either nation.

Classified "Top Secret" as it states ISC was  
requested to proposition documents calling for apprehension  
of ~~TOP SECRET~~ when so instructed by Attorney General. This  
information was so classified by the Department.

SUBJECT: EMERGENCY DETENTION PROGRAM

Subsequent to the repeal of Title II of the Internal Security Act of 1950, commonly referred to as the Emergency Detention Act (EDA) of 1950, we advised the Department that we felt that repeal of the EDA has not eroded our authority and responsibility to conduct investigations of subversive activities and related matters and to maintain an administrative index connected therewith.

The Department concurred in our opinion and we initiated the Administrative Index (ADEX) which is operated in connection with our security investigations of individuals.

We also advised the Department that we had discontinued all planning for emergency apprehension and detention of those subjects which were listed in the old Security Index. We asked the Department what disposition should be made of warrants and attendant documents and sealed envelopes captioned "Department of Justice Emergency Instructions to United States Attorneys" and "Department of Justice Emergency Instructions to United States Marshals," which have been maintained in field offices for use in connection with the Emergency Detention Program.

The Department has now replied that these documents should be destroyed in accordance with Section 1203\* of the Department's Regulations Relating to the Protection of Defense Information which is available in all offices and asked that it be advised when this destruction has been completed. The
